Enhance Your Workforce Accessibility

4 Key Areas You Should Focus On

#1 Is Your Website Optimized for Accessibility?

Online banking

Unsure where to start? A website accessibility audit can help identify areas of improvement and make your website inclusive for all.

#2 Are Your Platforms Adaptable to Your Workforce?

If not, here's what you should do:

- Prioritize Device Compatibility
- Offer Learning Flexibility
- Ensure System Integration

#3 Does Your Learning Content Meet Your Workforce Expectations?

- Flexibility: 89% want training anytime, anywhere.
- Choice: 85% want to choose their training times.
- ✓ Convenience: 93% want easy-to-complete training.
- Personalization: 91% want personalized, relevant content.

#4 Are Your Assessments a Fair Reflection of Employee Skills?

- Align assessments with employee goals
- Diversify question formats
- Provide alternative assessment options.
- Add Accessibility features and assistive tech.

If you found yourself saying 'no' to any of our questions, it's time to act.

Don't let accessibility be your overlooked opportunity.
